

Stainless Steel Undermount Vanity Bowl

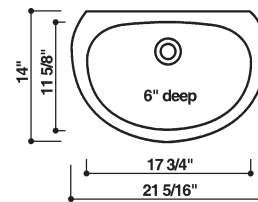

Specialty

Stainless Steel UM Oval Vanity Bowl UV1422/60LEO
 14" x 21-5/16" (356mm x 541mm), 6" (152mm) deep bowl OD

Kindred uses the finest 18 gauge, 18/10 stainless steel available, with a sparkling triple polished finish on the top reveal of the sink rim that accents the shape of the sink, and a soft satin finish in the sink bowls that can withstand the daily bumps and grinds that are just part of working at a kitchen sink. The rear drain position gives you more room for storage under the sink. Kindred Undermount Series sinks come with a Lifetime Limited Buyer Warranty. Every Kindred stainless steel sink is guaranteed to last as long as you own it, and that's got to provide peace of mind.

Kindred Undermount Series sinks have been designed for hassle-free installation. Each sink comes with a hardware installation kit, illustrated installation instructions, a masonite template that has been precisely machined to the cut-out required and a use and care guide. Drain fitting not included. UV1422/60L/EO includes front overflow. Brass collar and rubber gasket provided to block overflow port on standard 1-1/4" waste fittings. A 27" cabinet is the recommended minimum. Additional cabinet space is required to accommodate the Kindred installation kit.
