NEVAMAR® 2006-2007 Design Collection Where Design Performs.

For more than 50 years, Nevamar has been a creative force and technical innovator in the decorative surfacing industry. With a wide selection of high pressure laminates and decorative metals, Nevamar dependably provides beautiful solutions critical to the success of those who create designed spaces.

The unique Armored Protection™ Surface high pressure laminates exclusively from Nevamar provide outstanding surface protection to resist wear, extend durability and clarity of color and pattern. Look for the Armored Protection logo, a symbol of our commitment to long-lasting beauty and durability.

Consult the following pages for the full offering of Nevamar products. No matter what your surfacing needs are, we have the solutions that will meet your design, performance and cost criteria.

S Indicates Item is stocked at applicable Customer Service Center.

Blank box indicates item is available on a made-to-order basis.

Stocking information is updated regularly to reflect general inventory situation at CSC. Actual quantities may vary based on average monthly usage. Consult www.nevamar.com/Distributors/ for most current information.

Price Index

The price index is based on general purpose grade laminate in Textured Finish being equal to 1.0. The index is used to determine the approximate price of the

various finishes by multiplying the price of Textured Finish by the index factor. Actual prices, however, will vary according to quantity and geographic area.

Nevamar Finishes

Typically, Nevamar high pressure laminates are stocked in Textured (T) finish. Some stock items come standard in another finish as indicated in the product guide. Other finish options are available upon request under made-to-order guidelines. A description of available finishes is listed below. Call to inquire on availability.

Ashwood	An embossed woodgrain finish
ChemArmor	A chemical resistant textured finish
Crystal	A subtle dimensional surface texture with high light reflectivity
Gloss	High gloss finish. Often shipped with a protective polyethylene film.
High Luster	A finely textured highly reflective finish
Leather	A finish that provides the supple beauty of aged leather
Polished Velvet	A semi-gloss minutely grained finish
Textured	It softens woodgrains, patterns, and solids with a fine graining
Velvet	A smooth, finely grained finish

Paparazzi!™ Holographic Surfacing: See page 14 for the special glitter effect finishes available in this one-of-a-kind surfacing.

Thermofused melamine panels (TFM) matched to the Nevamar® design offering provide flexibility in choice of material. Pluswood™ TFM panels are offered in a variety of sizes and thickness, with particleboard, MDF or specialty core. Choose decorative surfaces on one or both sides, or with paintable or glueable backs. Matching PVC edgbanding is readily available to complete the look.

Throughout this guide, look for the “●” symbol to identify designs available in both Nevamar® high pressure laminate and Pluswood™ TFM.

Call one of three regional manufacturing facilities for product availability, samples and pricing.

Discontinued Items from Stockline

As the Nevamar design collection is refreshed to meet changing marketplace preferences in color and design, we discontinue items from the stockline to make room for exciting new ones. On pages 4 and 5 are lists of the changed status of several items that appeared in previous stocklines. Some are no longer available (see chart below), while others remain available for purchase. See page 5 for a list and their continued availability.

The following items are no longer available.

	Number	Pattern Name
Patterns	GR5001	Veronese
Woodgrains	WC0005	Roan American Cherry
	WO0002	Golden Highland Oak

***Note:**

See Page 5 for a list of non-stock items that continue to be available under made-to-order guidelines in a variety of sizes and finishes.

Stockline Discontinuance Policy

Items discontinued from the stockline will be available until remaining laminate sheet stock inventory is exhausted. Thereafter, these items will be available on a made-to-order (MTO) basis until raw material supply is depleted.

Made-to-Order (MTO) Guidelines

A made-to-order item is any item where the pattern, grade, size and/or finish is not designated as stock (S) elsewhere in the Product Availability Guide.

Made-to-order items are sold with the following guidelines, in addition to those listed in the "Terms of Sales".

- Orders cannot be cancelled
- Orders cannot be returned
- A minimum order of 10 press-size sheets is required per line item, unless otherwise stated
- Tolerance for all quantities is minus 0, plus 10%
- 30" widths must be ordered in even multiples (They are cut from 60" widths)

A stock pattern which is produced in a non-stock grade, size and/or finish, requires a minimum of 10 press-size sheets per line item, unless otherwise noted. No upcharge. Please note the exact quantities required.

Non-stock patterns require a minimum of 10 press-size sheets per line item. No upcharge. Please note exact quantities required.

The MTO guidelines apply also to these Specialty Products: Fire Retardant Laminates, Static Dissipative Laminates, ChemArmor™ and Kick Plate. See page 13 for details of these products.

Exceptions to MTO guideline:

Stockline solid color Gloss (G) finish is manufactured to order with a one sheet minimum in 4x10 sheet size. All other sizes require a minimum of 10 press size sheets.

ThickLam™

Solid core phenolic laminates (Compact Laminate Grade CGS). See page 14 for details on this product.

See page 2 for a complete list of finish options available.

	Number	Pattern Name
Solids	S 1058	Sugar Plum
	S 2080	Driftwood
	S 5035	Sage Green

	MR3002	Teal Matrix
	MR5003	Sage Matrix
	MR5005	Cypress Matrix

Continued Availability of Certain Non-Stock Items

Although, these designs are no longer in the stockline, they continue to be available until remaining laminate sheet stock inventory is exhausted. Thereafter, these items will be manufactured to order with a ten (10) sheet minimum in a variety of standard sizes and finishes, subject to raw material supply. Contact your regional Customer Service Center for availability information.

Mirror (M) Finish Option removed. Gloss (G) Finish becomes standard.

Gloss (G) is the standard finish option for high gloss surface for solid colors, patterns and woodgrains.

- Made-to-order policy (10 sheet minimum) applies for stockline items in a non-stock finish.
- Exception is stockline solid color gloss, which is manufactured to order with a one sheet minimum in 4x10 size only. Any other sizes require a 10 sheet minimum.
- Any stockline items, previously offered in Mirror (M) finish are now designated as (G) finish.

For additional "Also Available" designs removed from the stockline prior to 2006, please visit the **Design Professionals / Catalog / HPL / Also Available** section of the web site at:

<http://www.nevamar.com/DesignProfessionals/catalog.asp?cl=1>

SOLID COLORS

Sheet Sizes Listed Are Nominal.

30" Width Available, Cut at no charge, Order in multiples of two.

Also available in 96" length with a 10 sheet minimum.

Transit Laminates

Specially engineered laminates to meet the special needs of transportation vehicle interiors.

Contact your Nevamar representative for more information.

Kick Plate

Special Heavy Duty Grade HSH (H-12), 0.118" +/- .008" thick.

Manufactured to order with a minimum of 10 press size sheets per line item.

ChemArmor®

Chemical Resistant Laminate, Product Code 748

Pattern		Finish	General		
Number	Name		Purpose HGL (H-4)		
			30x144	48x96	60x144
S 6001	Black	CA			
S 7031	Fashion White	CA			

CA is the finish designation for ChemArmor® chemical resistant laminate.

The product is available on a made-to-order basis (10 sheet minimum) for almost all textured finish items in the Nevamar stockline (excluding Hallmark Series and Crystal finish). For non-stock items, request a sample for visual approval.

Customer sign-off is required prior to order acceptance. Fire retardant ChemArmor is available made-to-order. Inquire with Customer Service.

Laminated Floor Tile

Nevamar laminated flooring products, Grades HDH and HDM, are specially formulated high wear high pressure laminates for surfacing access floor panels.

Conductive flooring, Grades CHDH and CHDM, is available where permanent

This product is manufactured to order.

Sizes: 24"x24" (610 x610mm),
and 48"x120" (1219mm x 3048mm), nominal

All grades may be purchased in either full size sheets or cut-to-size.

Thickness: Grades HDH and CHDH: 0.118" (3mm)

Grades HDM and CHDM: 0.059 (1.5mm)

Contact your Nevamar representative for more information.

Fire Retardant Laminates

UL-listed Nevamar Fire Retardant Laminate meets the requirements for a Class I/A rating when bonded with prescribed procedures to fire retardant particleboard and backed with Nevamar FR backing.

Size: Standard widths and lengths

Grades: HGF .048" (1.2mm) and VGF .032" (0.8mm)

Manufactured to order with a minimum of 10 press size sheets per line item.

SPECIALTY PRODUCTS

ThickLam

Solid phenolic core laminate (Compact Laminate Grade CGS) is manufactured for interior horizontal and vertical surfaces.

Specific applications include transportation vehicles, paneling, partitions and industrial work surfaces.

ThickLam is available in all stockline patterns.

Sizes: 3'x8', 3'x10', 3'x12'
 4'x8', 4'x10', 4'x12'
 5'x8', 5'x10', 5'x12'

Thickness: 1/8", 1/4", 3/8", 1/2", 3/4", 1.00" with a tolerance of plus 0 minus 10%

Finishes: Textured, T & E. Other finishes available upon request.
 Upcharges may apply.

Minimum: Manufactured to order with a six (6) sheet minimum per line item.

Fire Retardant: Inquire with Customer Service for pricing and availability.

Paparazzi!™ Holographic Surfacing

Four special effect finishes available on any Nevamar solid color with a five (5) sheet minimum and four (4) week lead time. Intended for low abrasion applications and vertical use.

Thickness: 0.039" , nominal

Size: 48"x120"

Finish		Prod Code	Description
Flash	FL	952	Confetti dazzle and spectrum light from every angle.
Formations	FA	953	Refractive look of an instant freeze.
Glitter Rock	GK	950	A constant motion of color and light sparkles.
Rock Stars	RS	951	Dimensional stars appear to jump from the surface.

Custom Print Laminates

Customize the interior space with a design of your own in cost effective, durable Nevamar laminate with exclusive Armored Protection™ Surface. Available in Textured Finish in standard widths and lengths with a five sheet minimum. Contact your Nevamar representative for details and a Custom Print Project Profile Sheet.

HPL Backers

Nevamar supplies HPL backers in a variety of thickness. See the chart for a quick reference of commonly requested items. All are available in:

Widths: 30", 36", 48" and 60" Lengths: 96", 120", 144"

Prod Code	Prod ID	Description	Thickness
902	BA8520	Non-decorative	.020" +/- .005"
939	BA8530	Non-decorative	.030" +/- .005"
943	BA8540	Non-decorative	.040" +/- .005"
987	BA8536	Fire Retardant	.032" +/- .005"
990	BA8549	Fire Retardant	.050" +/- .005"

NEVAMAR METALS

Inquire with Customer Service for availability.

PURE METALS™

Anodized Aluminum Sheets for interior vertical use.

24" widths are sold in even multiples only.

Thickness on all items is .025" (.63mm)±10%. All sizes are nominal.
