

Wall Surfacing Panel - FRP

FRP

FRP (fiberglass reinforced plastic) is the new wall and ceiling panel from Panolam Industries for those high traffic installations requiring durability and high sanitary standards as well as moisture, mildew and chemical resistance. This is the hardworking, easy-to-clean surface you need for utility and service areas.

Available in a range of colors, FRP easily fits with any interior style. And, because it's engineered to last, it doesn't call attention to itself with a worn out look that can quickly appear with other surfaces. In most cases, traditional materials such as ceramic tile, stainless steel, painted drywall or concrete simply can't provide the combination of durability, ease of maintenance and cost effectiveness offered by FRP.

Panolam FRP is a product that resists extreme changes in temperature and humidity. Manufactured in standard building product sizes, it can be installed on most common substrates and finished with readily available seam and trim materials.

Titebond Solvent Based FRP Adhesive 3227

A high-quality, versatile adhesive designed for installation of plywood, tile-board, FRP, pre-finished hardboard, gypsum wallboard and other paneling materials. It has excellent water resistance, remains permanently flexible and is easy to trowel. It offers a 30 minute working time to allow precise placement of the working materials. Approximately 50 sq. ft./gal. coverage.

FRP is manufactured and tested to perform in locations such as:

- Commercial Kitchens
- Public Restrooms
- Hospitals
- Schools
- Correctional Facilities
- Restaurants
- Car Washes
- Meat and Dairy Facilities
- Coolers and Freezers
- Supermarkets
- Clean Rooms and Laboratories

Panolam FRP is stocked in textured white, in 48" x 96" and 48" x 120" sizes, 0.90" nominal thickness. Other colors are available on a special order basis, minimums may apply.

Product No.	Description	Size	Unit
FRP4896WH	Panolam White FRP .090 Class C	48" x 96"	sq. foot
