Flattening Base is a high efficiency flattening paste for use only in pre-catalyzed topcoats. Features easy stir in and soft setting.

Lacquer Fish Eye Killer WR5

Fast Dry Paste Wood Filler C211.3

An excellent, fast drying alkyd paste wood filler for use on open grain woods to fill open pores. It has easy wiping and is tintable with up to 8 ounces per gallon of P & L Machine Colorants to develop a range of many furniture colors. The Fast Dry Paste Wood can also be tinted with Huls 844 Colorants and M.L. Campbell Dye Concentrates up to a maximum total of 5% by weight (Note: If P & L colorants are used, do not use Huls 844 colorants or dye concentrates). Apply over dye stains for the maximum fullness of color and grain accentuation. Paste Wood Filler is intended for filling the open grain of woods such as oak or walnut to provide a smooth base for finish coats.

Proxpeel Booth Coating P839930

A white peelable coating to keep spray booth clean and bright.

Amazing Glaze™ Aerosol WSA.21143 WSA.21144 WSA.21145

Amazing Glaze Aerosol is a one component glaze. Amazing Glaze Aerosol does not require vinyl sealer and saves shop time since it is designed to be rubbed off in as little as 1 minute. Intended to create a three dimensional look and provide depth and richness of color.
