

Spray Equipment

C14 Air Assist Airless SS Pump 14:1 Ratio C14AAA

The C14 Air Assist Airless pump is an all stainless 14:1 ratio pump for production line fine finish spraying of wood or other fine finish applications. The fluid section is all stainless featuring a non-contact pump tube that never wears out. All outfits include 25 foot air and fluid hose, pump, gun and tip.

C.A.T. SLP HVLP Air Spray Gun CATSLP

The C.A.T. SLP is a fine finish spray gun designed for automotive and wood finishing. Features include stainless steel fluid passages, and superfine atomization achieved with the patented 12-point atomization. The C.A.T. SLP specializes in breaking up NGR stains and other hard to break up materials.

Jaguar SLP HVLP JSLP

The ultimate fine finish gravity feed spray gun. This gun is a top performer that will challenge any HVLP on the market. It has proven itself as a rugged topcoat gun that also has all stainless steel fluid passages and operates at 29 psi. The JSLP atomizes with a 12-point plenum for the finest finish.

Lynx L100H HVLP & Lynx L300C

The Lynx air spray guns are economical general purpose conventional air spray guns for spraying a wide range of coatings. Designed for production use, the Lynx is perfect for all coatings from thin to thick, stains to glue.

Panther P100G

The P100G from C.A.T. is a general purpose conventional air spray gun designed for glue/adhesive applications of all types. The body and air cap are Teflon anodized for easy clean up and longer life. The P100G comes standard with self-adjusting needle packings, inexpensive nozzle replacement, rugged construction and all stainless steel fluid passages.

Tomcat T100C

The T100C is an economical general purpose conventional air spray gun for spraying a wide range of coatings. Designed for production use, the Tomcat is perfect for all coatings from thin to thick, stains to glue.

Techline HVLP T3

The Techline T3 is an economically priced gravity feed gun for use with a range of coatings from primers to topcoats to stains. The T3 combines C.A.T. fine finish nozzles on a low cost gun body so you can achieve the best of both worlds.

Techline Jr. HVLP TJR

The Techline TJR is an economically priced gravity feed mini gun for use with a range of coatings from topcoats to stains. This gun is great for all your touch-up and glazing needs.

Product No.	Description	Air Inlet NPS (m)	Fluid Inlet	Weight
C14AAA	C14 Air Assist Airless Pump			
CATSLP	C.A.T. SLP HVLP Air Spray Gun	1/4"	3/8" NPS(m)	20 oz.
JSLP	Jaguar SLP HVLP Air Spray Gun	1/4"	16m x 1.5	25 oz.
L100H	Lynx 100H HVLP Air Spray Gun	1/4"	3/8"	20 oz.
L300C	Lynx 300C Air Spray Gun	1/4"	3/8"	20 oz.
P100G	Panther 100G Air Spray Gun	1/4"	3/8"	20 oz.
T100C	Tomcat 100C Air Spray Gun	1/4"	3/8"	19 oz.
T3	Techline T3 HVLP Air Spray Gun	1/4"	16m x 1.5	27 oz.
TJR	Techline Jr. HVLP Air Spray Gun	1/4"	16m x 1.5	8 oz.

Spray Equipment Accessories

51-202 2.5 gallon non-ASME heavy gauge steel pressure tank is Teflon coated inside and out, with wheels for maneuverability or optional stationary feet. Comes with removeable aluminum liner. **51-261-12** semi-rigid disposable liners are formed from durable, solvent resistant, anti-static high-density polyethylene.

51-600 is by far the best two quart pressure cup in the industry at the right price. The band clamp offers 360 degrees of sealing pressure with one knob turn, no threads to stick, no multiple lid knobs to turn. Comes with a rigid liner for quick color change and cleaning. The underside of the lid, fittings and fluid tube are all 300 series stainless steel. The wide opening makes filling and refilling a snap. The **51-303R** one quart aluminum pressure cup with regulator is perfect for small painting jobs that require precise fluid control.

51-301 siphon cups are all drip proof and are made of aluminum alloy.

Mini Gun Regulator 52-300

Filters/Coalescers 52-512 52-515 52-523

Air & Fluid Hose Assemblies 53-112-25/5 53-213-25/5

Quick Disconnect Couplings 53-570 53-571 53-572 53-573

10-500 cleaning kits for spray guns include six picks on ring, one detail brush, three round bristle brushes, one large round bristle brush, one gun brush and five small round brushes. **36-411, 36-413, 36-415, 36-511** tip assemblies. **91-211** inline air filter. **91-215** tip cleaning needles. **Repair kits, filters** for spray guns and **booth supplies** are available upon request.

Product No.	Description	Size	Unit
51-202	Pressure Tank	2.5 gallon	each
51-261-12	Pressure Tank Liners, 12 pack	2.5 gallon	pkg
51-600	Bandit Pressure Cup	2 quart	each
51-637-12	Liner for Bandit Pressure Cup	2 quart	each
51-303R	Pressure Cup with Regulator	1 quart	each
51-301	Siphon Cup - No Drip	1 quart	each
52-300	Mini Gun Regulator		each
52-512	Filter with 1 Regulator/1 Blow-Off		each
52-515	Filter with Eye Gauge/Auto Drain		each
52-523	Filter/Coalescer w/2 Regulators/3 Ball Valves		each
53-112-25	Air Hose Assembly, 25 Foot	5/16"	each
53-112-5	Air Hose Assembly, 5 Foot	5/16"	each
53-213-25	Fluid Hose Assembly, 25 Foot	1/4"	each
53-213-5	Fluid Hose Assembly, 5 Foot	1/4"	each
53-570	Quick Disconnect Body 1/4" NPT Female		each
53-571	Quick Disconnect Body 1/4" NPT Male		each
53-572	Quick Disconnect Stem 1/4" NPT Female		each
53-572	Quick Disconnect Stem 1/4" NPT Male		each
10-500	Cleaning Kit for Spray Guns		each
36-411	AA Tip Assembly .411	0.011	each
36-413	AA Tip Assembly .413	0.013	each
36-415	AA Tip Assembly .415	0.015	each
36-511	AA Tip Assembly .511	0.011	each
91-211	Inline Air Filter		each
91-215	Tip Cleaning Needles (12 pack)		pkg
