

Base Cabinet Organizer

Base Cabinet Organizer B1700-W

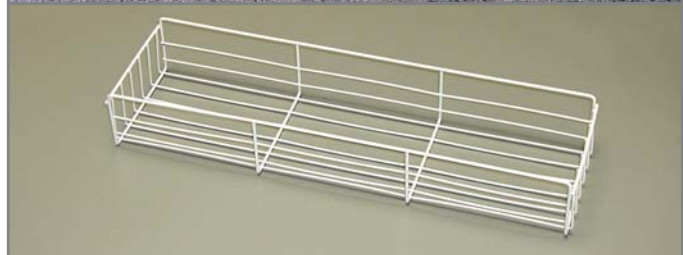

This double-sided organizer provides ample room for cleaning supplies and other larger items. The rollout assembly, designed for base cabinets, allows for up to four baskets per side. It features epoxy-coated, roller bearing slides and four vertical basket adjustment positions. Pantry baskets (sold separately) hand on either side of the unit depending upon need or cabinet constraints. Available in white epoxy-coated steel. Offered 1 assembly per box with mounting hardware and installations instructions. Add 3/4" to width requirement for frameless cabinets.

Pantry Baskets

Pantry basket stows small items that otherwise become lost inside of cabinets.

Product #	Description	Min. Cab. Height	Min. Cab. Width	Min. Cab. Depth

Base Roll-Out

Base Roll-Out BCO20E-W BCO2456-W

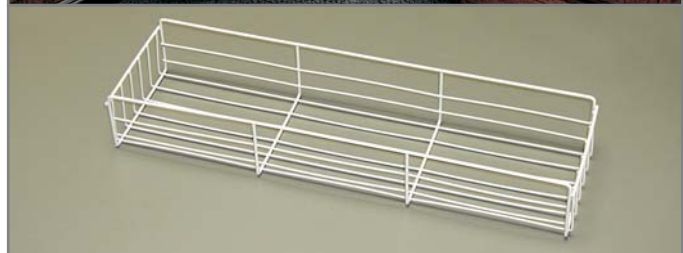

Base roll-out transforms a narrow cabinet into an efficient storage space. It is designed to fit narrow "filler" base cabinets without a top drawer and features six vertical basket positions (only two on BCO20E-W) and fits system 32 boring patterns. Bi-directional slides are rated at 75-pound class and include a stay-closed feature at either end. The unit is non-handed and fits either right or left-handed door applications. Pantry baskets are sold separately. Available in white epoxy-coated steel. Offered 1 kit per carton with mounting hardware and installations instructions.

Slide-Out Base Blind Corner Unit

Slide-Out Base Blind Corner Unit

Now you see it, now you don't. The Slide-Out Base Blind Corner Unit by Real Solutions For Real Life™ turns a wasted corner cabinet interior into premium storage space. A quick pull of the handle and the unit glides out of the cabinet on cool and quiet KV precision ball-bearing slides. One more pull exposes the entire unit. And when you're done, simply slide it back into its hiding place. Seeing is believing. With its premium components and high-end design, it's a fine example of kitchen storage and organization innovation by Knappe & Vogt. Made in the USA.

Includes four baskets, featuring heavy gauge chrome wiring and baltic birch bases. Platinum finished framework slides easily on heavy-duty KV precision slides. Available in short (20") and tall (27") units. Add 3/4" to width requirement for frameless cabinets. Unit is 22-5/32" wide.

Slide-Out Pot & Pan Caddy

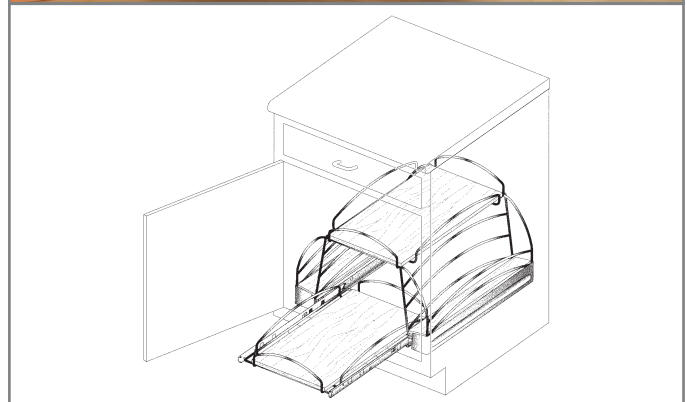

Slide-Out Pot & Pan Caddy SPS21-C

Could you imagine anything better than not having to manhandle those pesky pots and Pans? Well, we did!

Our Real Solutions Slide-Out Pot & Pan Caddy, with upscale details, provides attractive, yet secure, organization. Two birch-veneered wood shelves, finished with a durable and protective clear catalyzed lacquer finish, and two side racks provide ample space for a variety of cookware sizes. Top and bottom shelves slide out individually on KV precision ball-bearing slides, giving you access to all those items you used to struggle to find and wrestle with to store.

The Slide-Out Pot and Pan Caddy features pre-finished birch-veneer platforms with chrome-plated heavy duty wire surrounds, with contoured skirting and chrome plated heavy-gauge wire fencing. Two birch-veneered wood shelves and two side racks provide generous space for a variety of cookware and lids. Each shelf carries a maximum of 25 pounds and slides out individually on KV full extension precision ball bearing slides.
