### Swanstone Classics Granite Kitchen Sinks

Made from 80% quartz and hard polymer resin, these sinks have the elegant feel of natural stone. The hard, durable surface resists chipping and scratching, only diamond is a harder material. The elegant matte finish looks great under glossy materials like natural granite. They come in stylish, contemporary designs in standard American sink sizes ideal for kitchen remodeling projects, and the same sink can be installed as a drop-in or an undermount application (IP3115-10 undermount clips sold separately and must have wood to screw into, or use UC100 PNS clips with Sink Setter). One hole for stylish single-stem faucets. The non-porous material resists staining and can be easily cleaned with common household cleansers. Available in Bianca (75), Granito (76) and Nero (77).

### Swanstone Classics Granite Large/Small Bowl Kitchen Sinks

Made from 80% quartz and hard polymer resin, these sinks have the elegant feel of natural stone. The hard, durable surface resists chipping and scratching, only diamond is a harder material. The elegant matte finish looks great under glossy materials like natural granite. They come in stylish, contemporary designs in standard American sink sizes ideal for kitchen remodeling projects, and the same sink can be installed as a drop-in or an undermount application (IP3115-10 undermount clips sold separately and must have wood to screw into, or use UC100 PNS clips with Sink Setter). One hole for stylish single-stem faucets. The non-porous material resists staining and can be easily cleaned with common household cleansers. Available in Bianca (75), Granito (76) and Nero (77).

The low divider allows large pans to fit into the sink. The shallow depth of the small bowl means much easier reach for food prep and cleanup.
