

## AccuScribePro Scribing Tool

### AccuScribePro ACCUSCRIBE

The new AccuScribePro makes it easy to maintain a consistent scribe offset, staying parallel to the object surface every time. It is ideal for scribing trim on kitchen cabinets, architectural moldings, counter tops, splash guards, tile and even flooring.

- Articulating pencil head increases flexibility and versatility of materials and objects that can be scribed
- Precision pencil sharpener so you don't have to carry around another tool
- Removable compass point for scribing circles
- Storage clip for compass point
- Non-rocking bottom ensures AccuScribePro sets flat on surface or wall
- Collapses to a compact size to take up less room in your toolbox
- Scribes just about anything from windows, floors, cabinets, and more

#### Applications:

- *For marking gauge applications:* Place the AccuScribePro flush against the edge of your material, and run the AccuScribePro along the edge.
- *Flooring:* Place the AccuScribePro flush against the wall with the pencil on the flooring material, and run the AccuScribePro along the wall surface.
- *For cabinets:* Place the AccuScribePro flush against the wall with the pencil on the cabinet, and run the AccuScribePro along the wall surface.

## Tape Measures

### ProCarpenter Tape Measure PMS25

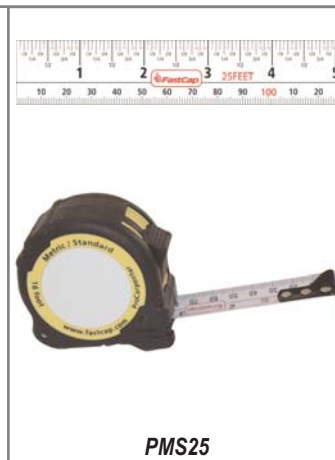

It has never been easier to read a tape or to make those metric to standard conversions than with our family of ProCarpenter tape measures, especially the standard PMS (Pad Metric Standard) PMS25.

### ProCarpenter Tape Measure PMSFLAT16

We listened to our customers and made a modification to Fastcap's original tape measure, the PMS. Face it, not all surfaces are flat! The FastCap ProCarpenter FlatBack measures curves and flat panels with precision and ease. Available with a Metric/Standard Story Pole.

### SpeedClip SPEEDCLIP

Never have torn pants from your tape measure again. With the SpeedClip securing your tape measure is a breeze. It easily clips over your pants or belt and can even hold a pencil. Fits almost any tape measure.
