freedomRail® Garage

freedomRail Garage **SCHULTE**
Distinctive Storage

freedomRail® Garage helps you take control of clutter and makes your garage the envy of the neighborhood. Designed to withstand the real-world use of active families, it is the perfect solution for organizing sports equipment, seasonal items, lawn and garden tools, and so much more. Only freedomRail Garage combines cabinets, shelving, workstations and accessories to create a full-solution storage system for the garage. Components are designed in 30" widths to accommodate large items like coolers, camping gear, and home improvement tools. The extra-wide cabinets and GO-Boxes (Garage Organization Boxes) bring everything off the floor for easier cleaning. All components are truly adjustable - move shelves or components for seasonal use, sports interests, or new projects and hobbies.

Hanging Rail and Uprights 7913-4464-50 to 7913-3578-50

Ventilated Shelving Bracket (VSB) 7913-1412-50 7913-1416-50

Profile Shelving 1813-1230-50 to 1813-1690-50

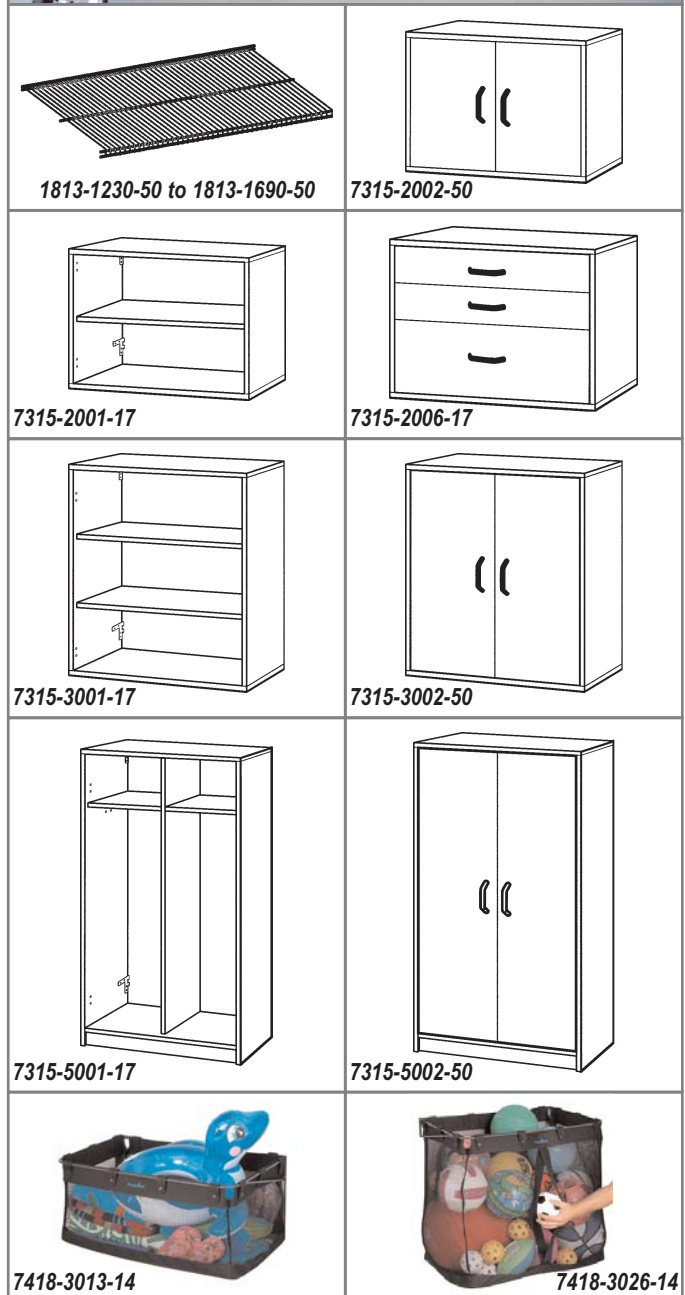

Heavy-gauge, tight mesh shelving finished in a granite grey epoxy-coating that guards against cracking, chipping, peeling, and discoloration. 1813-1230-50 is 12" D x 30" W. 1813-1260-50 is 12" D x 60" W. 1813-1290-50 is 12" D x 90" W. 1813-1630-50 is 16" D x 30" W. 1813-1690-50 is 16" D x 90" W.

GO-Boxes, -Cabinets, -Lockers 7315-2001-17 to 7315-5002-50

GO-Boxes hold a wide variety of items including bike helmets, hiking boots, paint cans, and more. GO-Lockers holds sports equipment, seasonal coats and accessories. All are 30" W x 16" D, and constructed of furniture-grade melamine finished in granite gray (doors optional).

Accessories 7418-3013-14 7418-3026-14

Made from heavy-gauge steel to stand up to the demands of garage storage, accessories attach to freedomRail uprights and can be moved without tools for a truly adjustable storage solution. A patented locking mechanism ensures components stay firmly attached to uprights. A virtually indestructible epoxy coating prevents scratches. 7418-3013-14 holds 10 full-sized sports balls. 7418-3026-14 holds 20 full-sized sports balls. Each is 30" W x 16" D.

Activity Organizers

Designed for garage and utility room organization, Activity Organizers combine innovative style with skillful engineering for superior strength and usability.

Schulte Activity Organizers combine upscale design with precision engineering to give a new dimension to storage. Make the most out of your limited space and time with Activity Organizers that are space efficient, adjustable, strong and easy to install.

Schulte offers you the most extensive product offering, with over 20 rugged space saving individual organizers, matching adjustable ventilated shelving and gray melamine cabinets.

Each Organizer is made from heavy gauge steel that is epoxy-coated in a distinctive natural granite color with a thick, rugged, protective coating where necessary, to protect from marring and scratching.

You can configure and reconfigure any way you want, as often as you want!

Three unique mounting options allow you to choose the best installation for your needs. Schulte's **heavy duty grid** is the strongest and easiest mounting option. The two foot by four foot grid mounts easily vertically or horizontally along the wall at any height. Once the grid is secure, the individual organizers simply lock in place without additional hardware. Schulte **slot wall** (special order) is the perfect companion above work benches, to finish around melamine cabinets and for light duty loads. Each organizer can also mount **directly to the wall** for a more permanent installation. All products in granite (50) only, unless otherwise stated.

Activity Organizer Heavy Duty Profile Shelving 1813-xxxx
